## OBJECTIVE

To secure a position within the tech industry, leveraging my strong programming skills, my UX design skills, ability to quickly learn new technologies, and passion for impactful outcomes. I am seeking an opportunity to contribute to cross-team activities, enhance my software development capabilities, and create extraordinary customer experiences. I am eager to work in an inclusive and supportive scaled agile environment.

## EDUCATION

### **Southern Cross University**

2020 – 2023

Bachelor of Information Technology  
(Majored in User Experience)

### **Scrimba (Online Frontend Developer Course)**

2023 – 2023

Certificate in Front-end Developer Career Path

### **Human Performance Centre**

2017 – 2018

Certificate III/IV in Fitness  
Certificate II in Nutrition

## CAREER PROJECTS

### **Full-stack website**

Led the development of a four-page interactive website for Wellbeing Managers, utilizing Agile methodology, Atlassian software & GitHub for efficient project management. Prioritized critical functionalities such as product catalogues, shopping cart, and order processing, incorporating feedback from the client during iterative development. Utilized programming languages including PHP, JavaScript, HTML, CSS, and MySQL to create an intuitive platform. Simplified the ordering and distribution process of smart technology and personal alarms. Successfully managed a team, overcoming time and skill constraints, to deliver the project within a nine-week timeframe and a budget of \$25.00. Resulted in enhanced client interaction and streamlined operations, improving overall efficiency.

### **Portfolio Website**

Created a professional portfolio website using React, JavaScript, HTML, CSS, Shopify, Canva, Gimp, Figma, GitHub and Netlify. The website showcases my background, education, and projects. It provides visitors with a comprehensive overview of my skills and experience.

## SKILLS

- **Systems** – Windows, Android, Linux & Apple iOS
- **Software** – React, JavaScript, Java, Python, PHP, HTML, CSS, C#, Node.js, Angular, Vue, Tailwind, Canva, Photoshop, Figma, Shopify, REST API, GitHub & Git
